# POWERED BY TECH FOR MAXIMUM ENGAGEMENT

We combine our interactive app with video conferencing software to bring you the latest in collaborative, virtual team building.

# Virtual Team Quiz

UP TO 60 MINS

Great for:

Social Interaction

Building Relationships

Boosting Morale

Combating Loneliness

Our Team Quiz Challenge was designed to replace the after work social, encouraging teams to let their hair down and have a laugh!

Played in the comfort of your own home, this is a virtual pub quiz enabling teams to connect, have some fun and get competitive. Hosted via video conferencing software and one of our event managers, you'll be up against your colleagues to see who can score the highest points.

With plenty of laughs, this challenge will create that feeling of unity without the need to actually be together.

# THE BRIEFING

We'll brief you as one large group

Then split you into smaller, more manageable teams.

# THE AIM OF THE GAME

Starting on square one, teams must work together to complete tasks using their own devices.

As teams work their way through the challenges, they'll progress to the next square. There's a huge variety of content to keep teams engaged and a live scoreboard will keep the momentum going and allow participants to check progress,

The aim of the game is simple; complete as many challenges as possible within the given time to score the highest points and be crowned the winners!

# COMMUNITY CHALLENGES

One of the most interactive and fun elements to this activity are the Community Challenges.

At different points throughout the quiz, we'll activate creative curveball challenges either to the entire group in the main room or within individual team rooms.

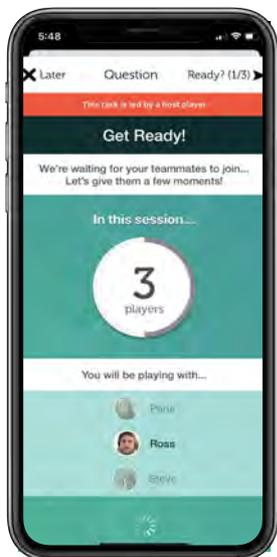

For example:

- **'Music Round'** - based on a 'fastest finger first' trivia style, teams must guess which film each soundtrack is from
- **'Famous Landmarks'** - players have 30 seconds to return to the camera with an object from home that as closely represents the Eiffel Tower as possible.

Points for these challenges will be manually added to the live scoreboard by your event manager.
